

Quilter of the Month - November 2019

Millie Speciale

I was born and raised in the Bronx. I worked for the Social Security Administration for 28 years and was married to Jack for 52 years until his death this year. I love to learn or at least try new arts and crafts. I learned crocheting, knitting and embroidery from my mother at age 7. My introduction to quilting came via TV. I joined VSQ in the early 1990's. I have tried quilting, basket weaving, making silk flowers, jewelry making, hooking and many other crafts. If it peaks my fancy, I will try it.

Here are some photos from the presentation:
